Statement of Local Council Members' and Executive Secretary's Responsibilities

The Local Councils (Financial) Regulations 1993 require the Executive Secretary to prepare a detailed annual administrative report which includes a statement of the Local Council's comprehensive income for the period and of the Council's retained funds at the end of the period. By virtue of the same regulations it is the duty of the Local Council and the Executive Secretary to ensure that the financial statements forming part of the report present fairly, in accordance with the accounting policies applicable to Local Councils, the income and expenditure of the Local Council for the year and its retained funds as at the year end, and that they comply with the Act, the Local Council (Financial) Regulations, 1993 and the Local Council (Financial) Procedures, 1996.

The Executive Secretary is responsible to maintain a continuous internal control to ascertain that the accounting, recording and other financial operations are properly conducted in accordance with the Local Councils Act, Local Council (Financial) Regulations 1993, and the Local Council (Financial) Procedures 1996. The Executive Secretary is also responsible for safeguarding the assets of the Council and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This statement was approved by the Local Council on the 28 April 2025 and signed on its behalf by:

Charles Selvaggi
Mayor

Josette Micallef
Executive Secretary

Notes to the Financial Statements For the year ended 31 December 2024

1. Statutory Information

L-Imsida Local Council (the “Local Council”) is the local authority of I-Imsida setup in accordance with the Local Councils Act. The office of the Local Council is situated at Civic Centre, Pjazza Menqa, I-Imsida. These financial statements were approved for issue by the Local Council members on 28 April 2025. The Local Council’s presentation as well as functional currency is denominated in Eur (€).

2. Reporting procedures

These policies have been consistently applied to all the years presented, unless otherwise stated.

a. Basis of preparation

These financial statements have been drawn up in accordance with the accounting policies and reporting procedures prescribed for Local Councils in the Financial Regulations issued by the Minister of Finance in conjunction with the Minister responsible for Local Government in terms of section 67 of the Local Councils Act (Cap 363). The financial statements are prepared under the historical cost convention, as modified to include fair values stated in the accounting policies below.

These financial statements are prepared in accordance with the requirements of International Financial Reporting Standards (IFRSs) as adopted by the European Union (EU) and comply with the Local Councils Act Cap 363, the Financial Regulations issued in terms of this Act and the Local Councils (Financial) Procedures 1996.

b. New or revised standards or interpretations

New standards adopted as at 1 January 2024

Some accounting pronouncements which have become effective from 1 January 2024 and have therefore been adopted are:

- Classification of Liabilities as Current or Non-current (Amendments to IAS 1)
- Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)
- Supplier Finance Arrangements (Amendments to IAS 7 and IFRS 7)
- Non-current Liabilities with Covenants (Amendments to IAS 1)

These amendments do not have a significant impact on these financial statements and therefore no disclosures have been made.

2. Reporting procedures - continued

Standards, amendments and Interpretations to existing Standards that are not yet effective and have not been adopted early by the Local Council

At the date of authorization of these financial statements, several new, but not yet effective, Standards and amendments to existing Standards, and Interpretations published by the IASB or IFRIC include:

- Lack of Exchangeability (Amendment to IAS 21 The Effects of Changes in Foreign Exchange Rates);
- Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 Financial Instruments and IFRS 7)
- Contracts Referencing Nature-dependent Electricity (Amendments to IFRS 9 and IFRS 7)
- IFRS 18 Presentation and Disclosure in Financial Statements
- IFRS 19 Subsidiaries without Public Accountability: Disclosures.

None of these Standards or amendments to existing Standards have been adopted early by the Local Council. The Local Council's management anticipates that all relevant pronouncements will be adopted for the first period beginning on or after the effective date of the pronouncement.

With the exception of IFRS 18, these amendments are not expected to have a significant impact on the financial statements in the period of initial application and therefore no disclosures have been made. The Local Council will assess the impact on disclosures from the initial adoption of IFRS 18. IFRS 18 will be effective for annual reporting periods beginning on or after 1 January 2027. The Local Council is not expected to early adopt this new standard.

3. Material accounting policies

Overall considerations

An entity should disclose its material accounting policies. Accounting policies are material and must be disclosed if they can be reasonably expected to influence the decisions of users of the financial statements.

The Council's management has concluded that the disclosure of the entity's material accounting policies below are appropriate.

a. Revenue and expenditure recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Imnsida Local Council and the revenue can be reliably measured, regardless of when the payment is received.

Revenue is recognised upon transfer of funds from the Central Government when there are no significant uncertainties concerning the derivation of consideration or associated costs.

Interest income is recognised in profit or loss as it accrued under finance income.

The principal accounting policies and reporting procedures used by the Local Council are as follows:

3. Material accounting policies - continued**b. Expenditures**

Expenditures except personal emoluments are recognised in the income statement upon utilisation of the service or at the date of their origin.

c. Personal emoluments

Contributions toward the state pension in accordance with local legislation are recognised in profit or loss when they are due.

d. Functional and presentation currency

Items included in the Local Council's financial statements are measured using the currency of the primary economic environment in which the entity operates. The Local Council's financial statements are presented in Euro, which is the Local Council's functional currency.

e. Local Enforcement System

The Local Council forms part of the Central Regional Council. On 1st September 2011, all LES funds were diverted to five regions. With effect from 1st September 2011, the only income attributable to the Local Council is commission income based on the value of contraventions paid at the Local Council. In line with Memo issued from the Department for Local Government dated 30th September 2015, the LES operations started gradually being phased out from the Regional Committee towards the Local Enforcement System Agency (LESA) with effect from 1st October 2015, until December 2015.

f. Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Computer Software

Computer software is valued at cost less accumulated amortisation and impairment losses to date. Amortisation to write off the cost is calculated on a monthly basis using the straight-line method. The estimated useful life is four years.

g. Property, plant and equipment

Property, plant and equipment is stated at cost less accumulated depreciation. Depreciation is calculated on a monthly basis using the straight-line method to allocate the cost of the assets to their residual values over their estimated useful lives as follows:

3. Material accounting policies - continued**h. Property, plant and equipment - continued**

• Land	0%
• Trees	0%
• Buildings	1%
• Office furniture and fittings	7.5%-100%
• Construction works	10%-100%
• Urban Improvements (Street Furniture)	10%-100%
• Special Projects	10%-100%
• Office Equipment	20%-100%
• Motor Vehicles	20%-46%
• Plant and Machinery	20%-100%
• Plants	100%
• Computer Equipment	25%-100%
• Litter Bins	Replacement Basis
• Traffic and Road Signs	Replacement Basis
• Street Mirrors	Replacement Basis
• Street Lights	100%
• Playground Furniture	100%

Assets not yet utilized are reclassified to proper account upon completion of work.

Gains and losses on disposal of property, plant and equipment are determined by comparing proceeds with the carrying amount, and are taken into account in determining operating profit. The residual values and useful lives of the assets are reviewed and adjusted as appropriate, at each statement of financial position date. The carrying amount of an asset is written down immediately to its recoverable amount if the carrying amount of the asset is greater than its estimated recoverable amount. Subsequent costs are included in the carrying amount of the asset or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Council and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit or Loss and Other Comprehensive Income during the financial year in which they are incurred.

i. Impairment of assets*Impairment of property, plant and equipment*

The carrying amounts of the Local Council's property, plant and equipment are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

3. Material accounting policies - continued**j. Impairment of assets - continued**

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in profit or loss.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

k. Receivables

Receivables are amounts due from customers for services performed in the ordinary course of business. If collection is expected in one year or less, they are classified as current assets. If not, they are presented as non-current assets.

Receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of receivables is established when there is objective evidence that the Local Council will not be able to collect all amounts due according to the set original terms. The amount of provision is recognised in the Statement of Profit or loss and Other Comprehensive Income. Bad debts are written off during the year in which they are identified.

l. Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at face value. For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand and cash in bank.

m. Profits and losses

Only profits that were realized at the date of the Statement of Financial Position are recognized in these Financial Statements. All foreseeable liabilities and potential losses arising up to the said date are accounted for even if they become apparent between the said date and the date on which the Financial Statements are approved.

n. Payables

Payables are classified with current liabilities and are stated at their nominal value unless the effect of discounting is material in which case, payables are measured at amortised cost using the effective interest method.

3. Material accounting policies - continued**o. Provisions**

Provisions are recognised when the Local Council has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made.

p. Leases**The Local Council as a lessee**

The Local Council makes the use of leasing arrangements for its office space. For contracts entered into, the council considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

Measurement and recognition of leases as a lessee

At lease commencement date, the council recognises a right of use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the council, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the commencement date (net of any incentives received).

The Local Council depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Local Council also assesses the right-of-use asset for impairment when such indicators exist.

At lease commencement date, the Local Council measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Local Council's incremental borrowing rate.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments.

The Local Council has elected to account for short-term leases and leases of low-value assets using the practical expedients. These leases relate to the rent of store at Msida playing field. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term.

3. Material accounting policies - continued**p. Leases – continued****The Local Council as a lessor**

As a lessor the Local Council classifies its leases as either operating or finance leases.

The Local Council assessed whether it transfers substantially all the risks and rewards of ownership. Those assets that do not transfer substantially all the risks and rewards are classified as operating leases. As at date, the Local Council has entered into a lease agreement for its community centre.

q. Capital Management

The Local Council's capital consists of its net assets, including working capital, represented by its retained funds. The Council's management objectives are to ensure:

- that the Local Council's ability to continue as a going concern is still valid and
- that the Local Council maintains a positive working capital ratio.

To achieve the above, the Local Council carries out a quarterly review of the working capital ratio ('Financial Situation Indicator'). The Local Council also uses budgets and business plans to set its strategy to optimise its use of available funds and implement its commitments to the locality.

r. Financial instruments**Recognition and derecognition**

Financial assets and financial liabilities are recognised when the Local Council becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and initial measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with IFRS 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

Financial assets are classified into the following categories:

- amortised cost
- fair value through profit or loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

The Local Council does not have any financial assets categorised as FVTPL and FVOCI in the periods presented.

3. Material accounting policies - continued**r. Financial instruments – continued**

The classification is determined by both:

- the entity's business model for managing the financial asset; and
- the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets that are recognised in profit or loss are presented within 'finance costs', 'finance income' or 'other financial items'.

Subsequent measurement of financial assets**Financial assets at amortised cost**

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Local Council's cash equivalents, most receivables and accrued income fall into this category of financial instruments.

Impairment of financial assets

IFRS 9's impairment requirements use forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. Instruments within the scope of the requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables, contract assets recognised and measured under IFRS 15 and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

The Local Council considers a broad range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

3. Material accounting policies - continued**r. Financial instruments – continued**

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Classification and measurement of financial liabilities

The Local Council's financial liabilities includes payables, accruals and lease liabilities. Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Local Council designates a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within 'finance costs' or 'finance income'.

s. Related parties

Related parties are those persons or bodies of persons having relationships with the Local Council as defined in IAS 24.

t. Government Grants

Government grants relating to operating expenditure are recognized in the Statement of Comprehensive Income in the same period that the related expenditure is incurred. Government grants relating to the purchase of property, plant and equipment are accounted for using the capital approach and are thus deducted from the carrying amount of the relative non-current asset. Government grants that are related specifically to non-capital expenditures are recognised immediately in the Statement of Profit or Loss and Other Comprehensive Income. Government grants received during the year for future construction of property, plant and equipment are presented in the statement of financial position as advanced payment while grants received during the year for future operating expenditures are presented in the statement of financial position as deferred income.

4. Use of estimates and judgements

The preparation of financial statements in conformity with IFRSs as adopted by the EU requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

15. Receivables

	2024	2023
	€	€
Receivables - net	49,407	61,795
Accrued income	3,000	100,135
Financial assets at amortised cost	52,407	161,930
Prepayments	5,130	5,803
Total receivables	57,537	167,733

The total financial assets at amortised cost for the year amounted to €52,407 (2023: €161,930). Receivables are stated net of provision for doubtful debts €785 (2023: €785).

The average credit period on sales of services is 60 days. Receivables disclosed above include amounts (see below for aged analysis) that are past due at the end of the reporting period for which the Council has not recognised an allowance for doubtful debts because there has not been a significant change in credit quality and the amounts are still considered recoverable.

	2024	2023
	€	€
Age of receivables that are past due but not impaired		
60-90 days	22,359	16,589
91-120 days	4,370	3,150
More than 120 days	22,678	42,056
Total	49,407	61,795

In determining the recoverability of a receivable, the Local Council considers any change in the credit quality of the receivable from the date credit was initially granted up to the end of the reporting period. The impairment loss on receivables is included in administrative expenses in the Statement of Profit or Loss and Other Comprehensive Income.

16. Cash and cash equivalents

Cash and cash equivalents consist of cash on hand and cash in bank. Cash and cash equivalents included in the Statement of Financial Position and Statement of Cash Flows comprise the following amounts:

	2024	2023
	€	€
Petty cash	230	230
Cash on hand	502	22,946
Bank balances:		
Current	12,228	447,078
Savings	388,859	63,922
Total cash and cash equivalents	401,819	534,176

17. Deferred Income

	2024	2023
	€	€
At beginning of year	459,830	38,670
(Decrease)/Increase in period	(43,161)	421,160
	416,669	459,830
Current (note 18)	416,669	428,660
Non-Current	-	31,170
	416,669	459,830

18. Payables

	2024	2023
	€	€
Payables	72,309	146,495
Other payables	14,894	8,341
Accruals	61,846	40,930
Lease liabilities (note 23)	627	482
	<hr/>	<hr/>
Financial liabilities measured at amortised cost	149,676	196,248
Deferred Income	416,669	428,660
Advance Payment	45,446	52,054
	<hr/>	<hr/>
Total payables - current	611,791	676,972
	<hr/>	<hr/>
Payables due after more than one year		
	2024	2023
	€	€
Lease liabilities (note 23)	2,830	3,295
	<hr/>	<hr/>
	2,830	3,295
	<hr/>	<hr/>

The total financial liabilities measured at amortised cost for the year amounted to €149,676 (2023: €196,248).

19. Related party transactions

During the year, the Local Council had affected transactions with related parties resulting mainly in connection with income and administrative transactions, are disclosed in notes 5 and 12 to these financial statements. The following were the related parties:

Name of Entity	Nature of relationship
Department of Local Councils	Significant Control
Gozo Regional Committee	No Control
Central Regional Committee	No Control
North Regional Committee	Joint Control
South Regional Committee	No Control
South Eastern Regional Committee	No Control
Local Enforcement Systems Agency	No Control
ARMS Ltd	No Control
Commissioner of Data Protection	No Control
Department of Information	No Control
Ministry of Finance	No Control
Police General Head Quarters	No Control
Malta Environment and Planning Authority	No Control
Water Services Corporation	No Control
Enemalta Corporation	No Control
Cleansing Directorate	No Control
Department of Lands	No Control
Wasteserv Malta Limited	No Control
Bank of Valletta plc	No Control
Department of Lands	No Control
Local Councils' Association	No Control
Central Bank of Malta	No Control
Department of Inland Revenue	No Control
Ministry for Justice, Culture and Local Government	No Control

The following transactions were the significant transactions carried out by the Local Council with related parties having significant control:

	2024	2023
	€	€
(a) Funds received from Local Government	805,230	711,104

19. Related party transactions – continued**Key management compensation**

The Mayor, Councillors and Executive Secretary of the Local Council make up the Key Management Personnel. Total remuneration paid to them amounts to € 75,825 (2023: €85,827).

Ultimate controlling party

The ultimate controlling party of the Local Council is Central Government since the Local Council's main revenue is from the Government allocation received every quarter. Apart from the normal funds received from Government, the Local Council also receives funds relating to specific projects as well as other funds for the improvement of the locality.

20. Financial risk management

The Local Council's activities expose it to a variety of financial risks such as market risk, credit risk, liquidity risk and interest rate risk. The Local Council's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Local Council's financial performance.

Credit risk

Financial assets which potentially subject the Local Council to concentrations of credit risk consist principally of cash at bank and debtors. The Local Council's cash is placed with quality financial institutions as well as it limits the amount of credit exposure with any one financial institution. The Local Council has appropriate policies to ensure that income is received from sources with appropriate credit history. In this respect, credit risk with respect to debtors is monitored continuously and the Local Council places a provision on any debt on which there is doubt of recoverability. Bad debts are therefore negligible, and in this respect, the Local Council has no significant concentration of credit risk.

The Local Council's exposure to credit risk is limited to the carrying amount of financial assets recognised at the end of the reporting period and is summarised as follows:

	2024	2023
	€	€
Classes of financial assets – carrying amounts:		
Financial assets at amortised cost		
Receivables	52,407	161,930
Cash and cash equivalents	401,819	534,176
	454,226	696,106

20. Financial risk management – continued***Liquidity risk***

Liquidity risk is defined as financial distress, an extraordinary measure which needs to be taken to manage the Local Council's present commitments arising due to shortage of funds. The objective of liquidity risk management is to maintain sufficient liquidity, and to ensure that it is available within the necessary time frame in order not to create financial distress and curtail current obligations as well as future short-term commitments. The Local Council monitors and manages its risk to a shortage of funds by maintaining sufficient cash and by monitoring the availability of raising funds to meet commitments due. In fact, at year end, the Local Council has as cash in bank and in hand the amount of €401,819. This should ensure an ongoing working capital of the Local Council for the next 12 months. The Local Council has a negative net current asset position of €152,435.

At 31 December 2024, the Local Council's financial liabilities have contractual maturities which are summarised below:

At 31 December 2024

	Current Within 1 year €	Non-current 1 to 5 years €	Later than 5 years €
Payables	72,309	-	-
Other payables	14,894	-	-
Accruals	61,846	-	-
Lease liabilities	627	2,092	738

20. Financial risk management – continued

This compares to the maturity of the council's financial liabilities in the previous reporting period as follows:

At 31 December 2023

	Current Within 1 year €	Non-current 1 to 5 years €	Later than 5 years €
Payables	146,495	-	-
Other payables	8,341	-	-
Accruals	40,930	-	-
Lease liabilities	482	2,169	1,126

Foreign currency risk

Foreign currency transactions arise when the Local Council buys or sells goods whose price is denominated in a foreign currency, or incurs or settles liabilities, denominated in a foreign currency. The Local Council does not trade in any foreign currencies.

Interest rate risk

Interest rate risk mainly arises through interest bearing liabilities and assets. The objectives of interest rate risk management is to optimise the balance between minimizing uncertainty caused by fluctuations in interest rates and maximizing the net interest income and expense.

21. Summary of financial assets and liabilities

The carrying amounts of the Local Council's financial assets and liabilities as recognised at the reporting dates under review are categorised as follows:

	2024 €	2023 €
Current assets		
Financial assets at amortised cost:		
Receivables	52,407	161,930
Cash and cash equivalents	401,819	534,176
	<u>454,226</u>	<u>696,106</u>
Current liabilities		
Financial liabilities measured at amortised cost:		
Payables	72,309	146,495
Other payables	14,894	8,341
Accruals	61,846	40,930
Lease liabilities	627	482
	<u>149,676</u>	<u>196,248</u>
Non-Current liabilities		
Financial liabilities measured at amortised costs:		
Lease liabilities	2,830	3,295
	<u>2,830</u>	<u>3,295</u>

22. Fair values estimation

The nominal values less estimated credit adjustments of receivables and payables are assumed to approximate their fair values, otherwise, these have been adjusted to approximate their fair values.

23. Leases**Right of use Asset**

The Local Council's right of use asset is as follows:

	Office Space €
Cost	
At 1 January 2023	58,814
Modification	<u>(54,536)</u>
At 31 December 2023/31 December 2024	<u>4,278</u>
Accumulated Depreciation	
At 1 January 2023	12,382
Charge for the year	428
Modification	<u>(12,382)</u>
At 31 December 2023	428
At 1 January 2024	428
Charge for the year	<u>428</u>
At 31 December 2024	<u>856</u>
Carrying amount as at 31 December 2023	<u>3,850</u>
Carrying amount as at 31 December 2024	<u>3,422</u>

Lease liabilities

	2024 €	2023 €
Current	627	482
Non-current	<u>2,830</u>	<u>3,295</u>
	<u>3,457</u>	<u>3,777</u>

The Local Council leases its office space from the Commissioner of Lands. The Local Council's right of use asset has been revalued since the Commissioner of Lands department has reduced the lease payments re Office Space to €500 p.a. from 2023. The lease is recognised as a right of use asset in the Statement of Financial Position, with the exception of short-term leases (leases with an effected term of 12 months or less) and leases of low-value underlying assets. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use asset.

23. Leases - continued

Right-of-use assets	No of right-of-use asset leased	Remaining term	Average lease term	No of leases with extension options	No of leases with termination options
Office space	1	8 years	10 years	-	-

Future minimum lease payments at 31 December 2024 and 2023 were as follows:

	Not later than one year €	Later than one year but not later than five years €	Later than five years €	Total €
31 December 2024				
Lease payments	500	2,000	1,500	4,000
Finance charges	(125)	(357)	(103)	(584)
Net present values	375	1,643	1,397	3,416
31 December 2023				
Lease payments	500	2,000	2,000	4,500
Finance charges	(138)	(415)	(170)	(723)
Net present values	362	1,585	1,830	3,777

Lease payments not recognised as a liability

The Local Council has elected not to recognise a lease liability for short-term leases (leases with an expected lease term of 12 months or less) or for leases of low value assets. Payments made under such leases are expensed on a straight-line basis. The expense related to payments for short-term leases not included in the measurement of lease liability amounted to €649 (2023: €172) and is included in the 'administrative expenses' in Statement of Profit or Loss and Other Comprehensive Income.

24. Capital commitments**Capital expenditure**

Commitments for capital expenditure not provided for in these financial statements are as follows:

	2024	2023
	€	€
Authorised but not contracted	2,094,697	1,910,068

These commitments for capital expenditure will be financed out of reserved funds, DPF Funds Regional Funds, DLG Schemes and Project Green Funds.
